7. General/Safety Message			
<p>Please remember that school has returned to most of the counties in Texas. Although the rain has ceased it does not mean that roads will not have large puddles of water. Also flash flooding is still possible since the bayous and rivers are in flood stage.</p> <p>Drive safely. If you may be driving through school zones obey the speed limits and bus stops. Maintain a safe distance from the vehicles moving in front of you since there may be areas where sudden stops will be needed. Roads that may seem possible to cross may be flooded when you are returning. As always, don't drown, turn around.</p> <p>Ensure all staff have 100% accountability.</p>

GENERAL MESSAGE (FEMA ICS FORM 213)**TO:** All Hands**POSITION:****FROM:** Jonathan Byrd**POSITION:** Safety Officer**SUBJECT:** Safety Message**DATE/TIME:** 08/29/2017 1700 CDT**MESSAGE:****IF YOU ARE IN AN ACCIDENT**

Below are some tips for handling and reporting any accidents that occur while you are driving a rental car, a government-owned or leased vehicle, or personal vehicles while on official sanctioned FEMA business.

1. Check for personal injuries to other parties and yourself and call for help if necessary.
2. Contact the local police if applicable.
3. Don't move the vehicles unless the cars are obstructing traffic flow.
4. You should NOT make any statement that admits guilt or fault to anyone, or make statements as to paying for damages.
5. If a police officer asks you for proof of insurance, provide the officer with the insurance card for the rental car. Additionally, you can hand out the accident brochure that is available from the Safety Office that provides information and lists contact numbers for FEMA's claims specialists.
6. Don't provide the other driver with your personal insurance information. Instead, provide the other driver with the following claims contacts

FEMA Office of the Chief Counsel.
Jacqueline A. Nantier
Senior Claims Specialist
Office of General Counsel

Margaret Ramos

7. Write down the other driver's information, including: name, address, phone number, insurance information (including policy number if available), driver's license number, state where the driver's license was issued.
8. Contact the following individuals: The Safety Officer, The Security Officer, your Supervisor and your rental car company if applicable.
9. Complete the rental car company's accident report. Complete Standard Form (SF) 91 Motor Vehicle Accident Report. Your supervisor must sign the report to verify that you were operating the vehicle within the scope of your employment. Make sure you attach a copy of the rental contract and any available police report, pictures and any reports you made to the rental car agency.

PREVENTING CAR THEFT & BREAK-INS

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Park in busy, well-lighted areas.
- Carry the registration and insurance card with you.
- Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition key with the attendant. Make sure no personal information is attached.

WHAT ABOUT CARJACKING?

Carjacking—stealing a car by force—has captured headlines in the last few years.

Statistically, your chances of being a carjacking victim are very slim, and preventive actions can reduce the risk even more.

- Approach your car with the key in hand. Look around and inside before getting in.
- When driving, keep your car doors locked and windows rolled up at all times.
- Be especially alert at intersections, gas stations, ATMs, shopping malls, convenience and grocery stores—all are windows of opportunity for carjackers.
- Park in well-lighted areas with good visibility, close to walkways, stores, and people.
- If the carjacker has a weapon, give up the car with no questions asked. Your life is worth more than a car.

BEWARE OF THE "BUMP-AND-ROB"

It works like this. A car, usually with a driver and at least one passenger, rear-ends or "bumps" you in traffic.

You get out to check the damage.

The driver or one of the passengers jumps in your car and drives off.

If you're bumped by another car, look around before you get out. Make sure there are other cars around, then check out the car that's rear-ended you and who's in it. If the situation makes you uneasy, stay in the car and insist on moving to a police station or busy, well-lighted area to exchange information.

Keep in mind that if you're a driving a FEMA rental car, the police must be called to take a report if there is damage or injury.

Vehicle Accident Reporting

For a Government Vehicle

L 268 / October 2009

FEMA

Vehicle Accidents

Many FEMA disaster employees use rental vehicles on a daily basis to perform their work. These “Government vehicles” may be used only for the conduct of official agency business, which includes traveling between a temporary duty station and temporary residence and similar places necessary for the sustenance, comfort, or health of the employee.

When a vehicle is used for official purposes, the government covers the employee for accident liability and worker’s compensation. This policy covers GSA vehicles, rental vehicles, and personal vehicles while on officially sanctioned FEMA business.

Unauthorized use of a rental vehicle is considered personal use and is not considered to be “official travel” or “official use of the vehicle.”

When an Accident Occurs...

If you should get in a vehicle accident while on official government business, follow these procedures.

What You Should Do

- Check for personal injuries to other parties and yourself and call for help if necessary.
- Write down the other driver’s information to include:

Name Address
Phone number
Insurance company
Policy number
Driver’s license number
The state where the driver’s license was issued

- Contact the following individuals:
 - The local police, if applicable
 - The Disaster Safety Officer
 - The Security Officer
 - Your supervisor
- Notify the rental company and complete their accident report. Keep a copy to attach to your FEMA report.
- A claims representative may contact you to review the accident report you submitted or to take a formal accident statement. Under the terms of the government agreement, you are required to cooperate.

What You Should NOT Do

- Make any statement which admits guilt or fault to anyone.
- Move the vehicles unless they are obstructing traffic flow.
- Provide the other driver with your own personal insurance information.
